## **DETAILED ACTION**

### ***Specification***

1. The substitute specification filed 11/3/08 has not been entered because it does not conform to 37 CFR 1.125(b) and (c) because: the statement as to a lack of new matter under 37 CFR 1.125(b) is missing and a marked-up copy of the substitute specification has not been supplied (in addition to the clean copy).

### ***Claim Rejections - 35 USC § 112***

2. Claims 1-3 and 5-10 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. There is no original disclosure directed to a "strain point" as is now set forth in claims 1, 9 and 10. Concerning claims 1 and 9, the original disclosure does not support the claimed range of "heat conductivity less than or equal to 0.0020 W/mK". The original disclosure is directed to a heat conductivity of 0.018 -0.002 W/mK; see page 11, lines 6-8 and the examples in Table 1. Concerning claim 10, the original disclosure does not support the claimed range of "heat conductivity less than or equal to 0.05 W/mK". The original disclosure is directed to 0.04 W/mK at the average temperature of 100 degrees C and 0.05 W/mK at 150 degrees C; see the paragraph bridging pages 14 and 15.

***Conclusion***

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
